R.O.C. No. 1051 K/46.

Station Madras., *Dated the* 29th July 1946.

From (Name) Dr. S.R.U. Savoor, M.A., D.Sc., I.E.S.,
(Designation) Director of Public Instruction.

To The Secretary to the Government of Madras,
Education and Public Health Department.

Sir,

I have the honour to submit herewith a letter dated 3-6-46 from the Manager St. Aloysius College, Mangalore addressed to the Honourable the Minister for Education with the following remarks:-

Ms. 1070-171-45
No 11078 KP

(B)

Government have ordered that no building grant should be given in future to any College or school for boys unless a special case is made out showing that a grant is essential to the institution vide G.O. No. 1915 Edn., dated 9-12-41. I may invite the attention of Government in this connection, to G.O. No. Ms. 1070 Edn., dated 17-7-45 regarding the policy to be adopted in regard to inadequacy of places in colleges Government have also not completely lifted the ban on the use of controlled materials for the construction of buildings.

Dr. Li
proposed to
lift the
ban on
the use of
controlled
materials.

P.T.O.

The authorities of St. Aloysius College, Mangalore evidently want to provide for the large numbers seeking admission and have even provided for hostel accommodation for 141 students more. The proposal of the management to construct a building for the college at a cost of Rs.5 lakhs does not appear to be essential. I do not therefore support the proposal.

The Director of Public Instruction,
MADRAS.

Sir,

Sub: Post-War Reconstruction Scheme - New Buildings for College Department and for the Technical School for the High School Pupils - Government Grant - Request for -

---

I have the honour to submit as follows: -

At the end of the interview which you so kindly granted me on May 29th, during which I explained you the necessity of constructing a new building for the College Department, you asked me to submit these papers to you through the Director of Public Instruction, Madras.

When the Director of Public Instruction visited Mangalore in February last, I presented to him the plans of the proposed building and requested him to sanction a grant towards the same. But he said that he could do so only if he received orders from Government. I then addressed myself to the Adviser to the Government of Madras in charge of Finance, who replied on February 23rd 1946: "It is much too late now to get anything sanctioned..... if your proposals had been submitted some six months ago, we might have done something." I have since then been waiting for an opportunity to submit my petition to you for the favour of a Government Grant for the new building.

As explained in detail in the enclosed official forms, the Middle School Department, the new Technical School which we intend starting, and the needs of a growing College Department necessitate new buildings. Instead of building for all three departments in the only available space, viz. the newly acquired Judge's Bungalow and Compound, it is intended to construct a new building for the College Department there, and to transfer the Middle School Department and to house the new Technical School in the present College Department buildings, and to assign the present Middle School building as a new block for College Hostels.

The fact that this College intends to start a first rate Technical School may be borne in mind when considering the question of a grant for the new College Building.

The Management also submit that the "Judge's Bungalows" and Compound were bought in 1943, at a cost of Rs.43,000. The Management applied for Government Grant, but were told that grant would be given only for the compound, and only if used for playground purposes and no building raised on it. As we had intended to build on this ground in future, we were unable to accept the conditions, and the promise of a grant was withdrawn. (Please cf. correspondence ending with the D.P.I.'s Pros. Dis. 3455/44, dated 2-10-1944).

The Management in 1944 put up 2 new Lecture Halls for the College Department at a cost of Rs.12,000 and in 1939 they put up a new building for the School Department at a cost of Rs.15,000, both without a g Government Grant.

In conclusion the Management beg to submit that blue print plans have been made for the New College Department Buildings. According to Government specifications, the cost of the building is about Rs.5 lakhs. The College has received no building grants since 1931, and as the new scheme will appreciably increase the facilities for College and Technical Education in the South Kanara District, the Management pray that Government be pleased to sanction a Grant for the Scheme, or if that be not possible at present, at least to recommend the Scheme to be placed in the approved list of works, for which grant may be sanctioned when funds are available. As the best time for laying the foundations in Mangalore is June, and as I could not approach the new Government earlier, I request that favourable orders may be passed at a very early date.

Thanking you,

ST. ALOYSIUS' COLLEGE * BANGALORE *

I have the honour to be,
Sir,
Your most obedient servant,

Rector & Manager.

O.M.3190/B1/46. Grant – Building – St. Aloysius College, Mangalore. Construction of a building. Inclusion in the approved list – Not Sanctioned

p.3 & 4 From the Manager, St. Aloysius College, Mangalore, No. 10 C/46-47 dated 3.6.46.

p.1 & 5 From the D.P.I., R.O.C. 1051 K1/46 dated 29.7.46.

Order No. No. 1632 Fdy. dated 23.8.1946.

The Manager, St. Aloysius College, Mangalore, is informed that his request to include the Scheme for Constructing a new building for the College may be included in the list of approved works cannot be complied with.

To
The Manager,
St. A. College,
Mangalore.
(with pp 1-16 cyclo).
The DPI.

C.No. H3190B1/H6. Grant - Building - St. Aloysius College, Mangalore.

p1 cf From the DPI., Roc. No. 1051 IC/H6 dt. 29.7.H6.

The Manager, St. Aloysius College, Mangalore has submitted an application for grant towards the Construction of a new building for the College department at an estimated cost of Rs. 5 lakhs. He requests that even if it is not possible to sanction a grant ~~for the scheme~~ now, the scheme may be placed in the list of approved works for which grant may be paid when funds are available. The necessity for the Construction of a new building to the College department is explained on p. 9 cf. It will be seen there from that it is proposed to utilise the existing College department building for middle School and Technical School proposed to be newly opened and to convert the present middle School building into a block for hostels for the College students. The DPI reports that the proposed building does not appear to be essential and he does not therefore support the proposal.

p2 cf

(B) 2. According to the restrictions imposed in Go. 1915 EDn dated 9.12.H1, no building grant should be made for a College for boys unless a special case is made out that a grant is essential to the institution. There is nothing to show that the management cannot put up the new addl. buildings at its own cost.

Further according to the policy of Govt towards college education set out in their Press Communique no 16 dated 13.7.45, no help should be given to provide for the increase in the number of students seeking admission to Arts Colleges as proposed in this Case. H.H. (Edn) has minute in another file that the policy should be revised. If the policy is changed, the management may renew its application. In the meantime the prices of building materials will go down and the question of adopting cheap designs for the Construction of buildings for educational institutions will also be decided. In the circumstances it is for consideration whether the Director's recommendation may be accepted and the management's request may be negatived

(F)

Letter No. 7L.

may be negatived for the present.
